

Decent Work and Economic Growth

The Goal emphasizes the need for sustainable economic growth, increased productivity, and decent employment opportunities for all. ATMU plays a crucial role in contributing to this goal in several ways such as a skill development, promoting ethical business practices etc. Focus group discussions on "Expectations of the hotel industry in the training of professional personnel" were held at the initiative of the Hotel and Restaurant Business Department of the Azerbaijan Tourism and Management University (ATMU), as well as jointly organized by the Career and Communication and Quality Assurance departments.
